Description

Established 30 years ago, this long-standing automotive service and customization shop serves the greater Omaha metro with a strong reputation. Operating from a 6,000 sq. ft. leased facility with a dedicated showroom and fully equipped service bays, the business provides a wide range of offerings including tires and wheels, alignments, oil changes, lift and leveling kits, window tinting, camera installs, and extensive fleet services. The company maintains a loyal customer base, with approximately 90% repeat clientele, complemented by 30 active fleet accounts. The business has a highly experienced team—most notably the lead technician, widely recognized in the region for advanced customization expertise. The reason for sale is due to divestment as the seller embarks on a new venture. The seller has offered to stay with the business for 6 months to ensure a seamless transition. Additionally, the seller has offered to carry \$200,000 of the purchase price as a show of good faith in the continued success of the business post close.

Priced at **\$900,000** with minimal owner involvement (less than 5 hours weekly), a strong brand presence, excellent online reviews, and diverse revenue streams, the business is positioned for new ownership to scale. Significant growth opportunities exist in expanding fleet sales, adding technicians, and leveraging additional marketing to meet demand.
