Description

Established 30 years ago, this auto repair shop offers preventative maintenance and repairs including tires, wheels, and alignments, in addition to aftermarket services such as lift and leveling kits, window tinting, and camera installations.

The company maintains a loyal customer base, with approximately 90% repeat clientele, complemented by 30 active fleet accounts. Located in the Omaha metro, they operate from a 6,000 sq. ft. leased facility with a dedicated showroom and fully equipped service bays. Seller works less than 5 hours a week in the business, spending the majority of their time on financial review and checking in with the team periodically. The seller has offered to stay with the business for 6 months to 1 year in order to transition the new owner into their role. The business has a highly experienced team—most notably the lead technician, widely recognized in the region for advanced customization expertise. The business comes with over \$500,000 in vehicles and over \$180,000 in equipment.

Priced at **\$850,000** with minimal owner involvement (less than 5 hours weekly), a strong brand presence, excellent online reviews, and diverse revenue streams, the business is positioned for new ownership to scale. To sweeten the deal, the seller has offered to carry \$150,000 as a show of good faith in the continued success of the business post close.
