Description

Working on affluent residential architecture, this firm specializes in custom architecture and interior design with 75% of their projects being single-family residential properties, 15% commercial projects, and 10% in condo/multifamily properties. They are focused in neighborhoods such as Beverly Hills, Bel Air, West Hollywood, and Santa Monica; the majority of their work is concentrated in the Los Angeles area. Their client base consists of builders, property owners, and business owners who seek their expertise in creating high-end spaces. The team comprises two remote Administrative Support members alongside the owner being active in the business; seller is seeking a strategic growth buyer. He would like to stay on board for 3-5 years and has offered to carry or retain 30% of the purchase price to show vested interest in the continued success of the business post-close.

Priced at **\$515,000**, this business comes with a nice backlog! Growth opportunities include expanding into global markets such as Saudi Arabia, Dubai, and China. Venturing into these international markets can open up new avenues for business growth and exposure.
