BUSINESS HIGHLIGHTS

The Company manufactures and installs high-end architectural millwork, commercial cabinetry, and specialty interior finishes for healthcare, hospitality, commercial, and institutional projects throughout Florida and the Southeastern United States. Over more than 30 years in operation, the business has developed long-standing relationships with regional general contractors and established a reputation for quality craftsmanship, on-time delivery, and the successful execution of complex custom fabrication projects.

Operating from a 30,000+ square foot manufacturing facility, the Company utilizes CNC routers, beam saws, and CAD/CAM technology to support efficient production and specialized fabrication requirements. Backed by an experienced workforce and leadership team, the business is well-positioned to continue serving a diverse customer base across multiple commercial end markets while benefiting from its established market presence and operational infrastructure.

TTM revenue through June 30, 2026, reached approximately \$15.3 million, representing a 30.9% increase over FY25 revenue of approximately \$11.7 million and reflecting continued business momentum and demand across the Company's core end markets.
