Business Highlights

Exceptional opportunities like this rarely become available. This highly respected independent automotive repair business specializes in servicing a leading European vehicle manufacturer and has built an outstanding reputation through technical excellence, exceptional customer service, and integrity. A buyer does not need automotive repair experience to own and operate this business. An experienced team of technicians performs the repair work, making this an outstanding opportunity for an entrepreneur, executive, investor, search fund, or existing automotive operator.

The business serves a loyal and affluent customer base that values quality, expertise, and trusted relationships. Approximately 75% to 80% of customers are repeat clients, creating dependable recurring revenue and exceptional customer loyalty. Outstanding online reviews, a strong digital presence, proven operating systems, and an extensive customer database provide an excellent foundation for continued success.

The current owners have intentionally operated the business for lifestyle rather than maximizing growth, creating significant upside for a new owner. The existing facility has additional capacity to support increased production without the need for immediate expansion. Opportunities include adding technicians, increasing marketing efforts, broadening service offerings, expanding into additional European vehicle brands, and further leveraging the company's outstanding reputation to accelerate growth.

The sellers are committed to a successful transition and will provide comprehensive training to ensure the new owner is well positioned for long-term success.

Premium labor rates, an experienced team, recurring revenue, outstanding online reviews, and multiple avenues for expansion combine to create an exceptional acquisition opportunity. Businesses with this reputation, loyal customer base, and growth potential seldom come to market. Qualified buyers are encouraged to inquire. Confidentiality is strictly maintained throughout the sale process.
