

Profitable Auto Repair in Mountain Country | No Industry Experience Needed

ID# 5110-0027

Business Highlights

Own an established, profitable auto repair business while enjoying the mountain scenery, wide-open skies, and outdoor lifestyle of Northern New Mexico.

No prior experience in auto repair is required to own and operate this business. An experienced service manager, skilled technicians, capable service advisors, and established operating systems give a buyer with strong business and leadership skills the foundation to succeed. The owner's role centers on managing the business and supporting the team, rather than repairing vehicles.

Clean, well-organized financial records help buyers evaluate earnings with confidence. The business has been prequalified for SBA-lender financing, offering qualified buyers a path to ownership, subject to lender approval.

A loyal customer base, excellent online reviews, and word-of-mouth referrals reflect a reputation for trusted advice and quality work. Customers primarily interact with the team, supporting continuity beyond the current owner.

Digital vehicle inspections, advanced diagnostic capabilities, quality-control procedures, and well-maintained equipment support an organized operation. Broad repair and maintenance services generate business across multiple vehicle types.

Growth opportunities include reaching expanding residential neighborhoods, improving technician productivity, and selectively developing commercial accounts.

With weekends closed, ownership offers time to enjoy the surrounding mountains, hiking, scenic drives, and outdoor recreation. Training and transition assistance help a new owner build on the foundation already in place.
