# Original # 12 Testimonial

"I have had two major back surgeries and a knee replacement and still struggle with pain in my back, legs and feet. I began using this hemp cream three months ago and it has helped me tremendously. I use it two or three times a day and it helps alleviate my pain, especially at night so that I can sleep better. I was skeptical because I have tried other creams, prescription and non-prescription that did not work. I appreciate that this product is grown in the USA and has 2500 mg of high quality hemp oil which is stronger than most creams on the market. I also like the fact, it is odorless, not greasy or sticky, but very creamy and leaves your skin soft and moisturized so that you could use it anywhere on your body. My wife likes using it as a hand cream which helps her arthritis in her fingers. I highly recommend this product."
